Certificate I in Logistics—TLI11310

Australian Workplace Training offers Certificate I in Logistics via two delivery modes, Online (E-Learning) and Externally.

The Certificate I in Logistics course provides the employability skills for those wishing to create a career pathway into the Transport and Logistics industry.

Occupations may include:

- Logistics Administration Assistant
- Logistics Support Officer
- Logistics Assistant
- Logistics General Hand

An interview with a Trainer should be arranged prior to your enrolment. In this interview any difficulties you may experience with your training can be discussed, these may be language, literacy or physical disabilities. If you have any concerns or special needs please discuss them with the trainer during the interview as support could be available for you.

During the course ‘work experience’ is to be arranged by the student at a suitable venue(s) with the support of your Trainer. At the end of the course you will be expected to have completed a minimum of 100 hours ‘work experience’ to enable the assessment of your ability to implement your training under working conditions.

The qualification is achieved by ‘successfully completing’ all the suggested units. This can be achieved by participating in training sessions, completing assignments and by demonstrating your ability by putting the learning into practice under working conditions during the ‘work experience’ component.

You may wish to apply for Recognition of Prior Learning (RPL) or Recognition of Current Competencies (RCC) for your life experiences or training you have already undertaken and achieved. If this is your intention, please discuss it in the interview with your Trainer who can arrange for this to occur. The course cost can vary if an RPL process is undertaken.
